

DrainKleen® one shot

Condensate Drain Cleaner

DrainKleen® one shot has been formulated specifically to clear organic blockages found in condensate drains within air conditioning and refrigeration units. It is a powerful and effective liquid drain cleaner which is the perfect size to treat a single condensate drain. The unique "swan neck" spout of the dispenser bottle allows for easy application of the product in awkward to reach condensate drains.

Specification

Name	DrainKleen one shot
Product Code	010106
Packing Quantity	12
Packing Size (L x H x D) cm	22.5 x 18 x 20.5
Shipping Weight Kg	5.99
Shipping Volume M3	0.0083
Application	Condensate Drain Cleaner
Soils	Organic obstruction, Rust deposits, Limescale
Dilution (Water:Product)	No
Contact Period	5 Minutes
Rinse/Flush Required	YES
Special Features	Higher specific gravity than water

Directions for use

Remove excess water from condensate tray, and condensate drain, if possible. Gently squeeze DrainKleen® one shot into the tray and allow it to enter the drain. Allow DrainKleen® one shot to remain in condensate tray and drain for five minutes or until obstruction is cleared. Flush out with fresh water for 2-3 minutes. Repeat as necessary until obstruction is cleared.

DrainKleen® one shot contains special inhibitors which control the cleaning action, making it safe to use on most metal, concrete and plastic surfaces. It is ideal for use in a planned preventative maintenance programme.

DrainKleen®
one shot
UN1824
Corrosive

Contains: Sodium Hydroxide

R35: Causes severe burns. S1/2: Keep locked up and out of the reach of children. S26: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. S36/37/39: Wear suitable protective clothing, gloves and eye / face protection. S45: In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).

Consult Safety Data Sheet for full safety information. Always wear suitable PPE.
