## EasyFoam®

### Heavy duty condenser cleaner

#### Special Features

- Heavy duty

EasyFoam® is a heavy duty, ready-to-use cleaner for use on air conditioning condenser coils. Its foaming formulation and powerful aerosol jet make it ideal for removing stubborn dirt from deep within problem coils.

#### PRODUCT SPECIFICATION

|                                   |                                     |
|-----------------------------------|-------------------------------------|
| Name                              | EasyFoam®                           |
| Product Code                      | S010132GB                           |
| Packing Quantity (ml, L)          | 12 x 600ml                          |
| Packing Size (L x H x D cm)       | 21 x 29 x 27                        |
| Shipping Weight (kg)              | 8.268                               |
| Shipping Volume (m <sup>3</sup> ) | 0.0160                              |
| Soils                             | Smoke films, dust, airbourne debris |

## Directions of use

Turn system off. Isolate electrics. Start spraying EasyFoam® into coil at bottom of inlet face, working up and across methodically. Very quickly, an expanding foam will be generated which will force out all dirt. Allow foaming action to finish. Cleaning is more effective if coil is still warm. After cleaning, rinse thoroughly with fresh water.
