

Silicone antifreeze heating cable with built-in thermal sensor 3/6/9 m

SCC300008 - SCC300009 - SCC300010
SCC300011 - SCC300012 - SCC300013

TECHNICAL SPECIFICATIONS:

- Power 15 W/m
- Power supply voltage 230 V
- Heating cable diameter 6 mm
- Cold sheath length 1 m
- Power cord length 1.2 m
- Heating cable activation temperature +3°C
- Heating cable shut-down temperature +12°C
- The heating part of the cable is made of silicone
